Description.

From the broken hands of a fallen UNIT trooper, this resolute London Resistance fighter prized a Stirling Sub-machine gun. With this lethal weapon In his hands, this brave citizen has only one purpose in mind; kill or be killed.

ORGANISATION AND COMMAND

A group of resistance fighters may be led by one individual. Although he will have no formal command or title over the rest of the men in the group, they will look to him for decision making and leadership.

Any *one* fighter may be assigned as the leader of a resistance detachment. He has the profile relevant to the weapon he is armed with, but receives a +1 on all dice rolls. He also has a save of 6, a special rule of positive influence, 5 inches and a point's value of 1.75.

MAXIMUM DETACHMENT POINTS: 10

ALLIES: A UNIT force may contain any number of Resistance detachments.
